Founded in 2000 as a millennial celebration of debt relief, The Jubilee Fund Inc. works to reduce poverty by financing projects that impact people living in poverty and experience financial exclusion. Projects financed by the Jubilee Fund are not able to access traditional financing due to lack of credit.

This Social Finance approach allow organizations to initiate programs and services that reduce poverty while building a credit relationship with a financial institution. Our loan guarantees have demonstrated that positive social outcomes are linked to the ability to access needed financing.

The Winnipeg Foundation CEO Richard Frost states, “The Winnipeg Foundation looks at this investment through the Jubilee Fund as an integral part of its vision for long term community building and sustainability.”

Jubilee Fund appreciates The Winnipeg Foundation investment and the many other individual and organizational investors that ensure the vital work of our project partners continues. We are proud to partner with the organizations listed below as well as over 40 additional organizations we have financed since 2000.

- SEED Winnipeg – Recognition Counts
- Merchant’s Corner
- Diversity Foods
- Elements – University of Winnipeg
- Visions of Independence
- S.A.M. Property Holdings

210 - 207 Fort Street, Winnipeg, Manitoba, Canada, R3C 1E2
